Current TVL: 17,000 HBAR (Target: \$40,000 USD milestone)

Community Traction: 109 X Followers | 31 Discord Members

Operational Capacity: Team expanded with 3 new strategic branding & promotion hires.

Revenue Generation Model

Our business model focuses on utility and infrastructure-driven revenue within the Hedera ecosystem:

- **Marketplace Transaction Fees:** Peer-to-peer trade commissions and secondary market swap executions within the hub.
- **Protocol Infrastructure Commissions:** Performance fees derived from non-custodial vault management and yield optimization.
- **RWA Issuance & Service Fees:** Tiered fees for the tokenization of Real-World Assets and institutional asset management services.

Financial & Growth Forecast

Milestone Phase	Target Date	Objective	Revenue Driver
Governance Genesis	June 1, 2026	400 Council Seats	Ecosystem Visibility
Hub Activation	July 2026	Strategic Partnerships	Marketplace Fees

Milestone Phase	Target Date	Objective	Revenue Driver
Liquidity Milestone	Sept 2026	\$40k+ TVL Sustainability	Protocol Commissions
Institutional RWA	Q4 2026	Enterprise Onboarding	Issuance & Service Fees

Execution Strategy

High-velocity strategy to maximize ecosystem adoption:

- **Strategic Outreach:** Brand expansion led by our 3 new specialist hires.
- **Influencer Referral Layer:** Multi-tiered rewards program to drive user acquisition.
- **Partnership Events:** Cross-chain collaborations to capture growing Hedera DeFi liquidity.
